The IAS's 2003 Fundraising Campaign

Promoting Critical Scholarship on Social Domination and Radical Social Reconstruction

Since the IAS's inception in the spring of 1996 we have worked hard to support radical, anti-authoritarian scholarship on contemporary social contradictions and the possibilities of meaningful social transformation. Although the anti-authoritarian Left has become an increasingly important presence on the streets, radical theoretical work is just as important now as it was seven years ago. We need to clarify the anarchist alternative, deepen our critique of the present society, and study the victories and dilemmas of our movement if we are to build upon its accomplishments. The IAS is a means toward this goal.

Over these past seven years we have given grants to nearly forty projects by writers from around the world, including authors from South Africa, Nigeria, Argentina, Uruguay, Mexico, the United States, Canada, as well as many other countries. We have funded movement research, translations, historical studies, and even a play. Many of these projects would not have been completed without our support.

The IAS has been able to keep fighting for all these years thanks to the generous support of our comrades and allies around the world and we need to ask for your support once again. Specifically, we must raise \$21,000 by January 2004 in order to keep awarding grants to radical writers, continue our publishing efforts, and cover administrative expenses.

Your contribution will help the IAS meet its 2003 fundraising goal and thus help us make the following contributions to the development of anarchist studies:

- The IAS will award \$8000 in grants to writers struggling with some of the most pressing questions in radical social theory today. IAS grants help radical authors take time off work, hire childcare, purchase research materials, pay for travel expenses, and other things necessary to produce serious works of social criticism.
- The IAS will publish *Perspectives on Anarchist Theory*, our biannual newsletter. *Perspectives* is a unique source of interviews, publishing news, and commentary pertaining to anarchism. It helps keep people informed about anarchist scholarship and encourages dialogue among those interested in this work.
- The IAS will rework its web presence so that it becomes a more valuable resource to the milieu that we serve.

It has been a great seven years and we are excited about the future of our work! Please help make this work possible by sending a donation today.
